

EU Mobile Energy Storage Container Fast Charging

Overview

Powered by CATL LFP batteries and a 1000kW PCS, it enables ultra-fast EV charging with rapid deployment, plug-and-play operation, flexible installation, and remote monitoring & management. The Mobile Energy Storage Truck, is a cutting-edge solution in the field of energy storage. With a large capacity of 2 MWh, this vehicle offers ample storage to meet the demands of various industries. With its unparalleled flexibility, mobility, and efficiency, the iMContainer is revolutionizing industries and enabling innovative. Charge Qube combines 240kW ultra-rapid charging with flexible battery storage in one modular, containerised system. Fellten, a leader in battery pack manufacturing and energy storage innovation, announces the launch of the Charge Qube, a rapidly deployable, modular Mobile Battery Energy Storage System (BESS) and Mobile Electric Vehicle Supply Equipment (EVSE). Designed for versatility, sustainability, and rapid.
