

Middle East 13 billion energy storage project

Overview

Recently, China Power Construction Group officially signed the EPC contract for the 2.75GWh RTC solar-plus-storage project in Abu Dhabi, United Arab Emirates (UAE), with a contract value of approximately RMB 13. Storage will help integrate variable sources like wind and solar by smoothing changes and shifting clean energy to peak demand hours, i. By storing surplus power and dispensing it when it is needed. The MENA utility scale energy storage market continued its solid growth in 2025 with ~25 GWh operational today and the capacity projected to expand six-fold to 156 GWh by 2030, implying a 44% CAGR. 8 billion USD with Norwegian renewable energy developer Scatec and Chinese energy storage company Sungrow. The roughly AED232 billion (US\$5.2GW of solar PV with a 19GWh battery energy storage system (BESS), which Masdar claimed was the “largest and. The Emirati state-owned renewables developer Masdar has begun construction on a giant solar-plus-storage project in Abu Dhabi.
